PRELIMINARY AMENDMENT

Prior to the first office action, please amend the application as follows:

In the Claims

Please amend the claims as follows:

1. (TWICE AMENDED) A method for recording a multimedia presentation, comprising the steps of:

a) capturing a motion image of a scene with a digital video camera adapted to record both motion and higher resolution still images, the higher resolution still images having at least four times the resolution of the motion images;

b) compressing the motion image and storing the compressed motion image in the digital video camera;

c) periodically during the capture of the motion image, capturing a higher resolution still image of the scene;

d) storing the still image in the digital video camera; and
